STYMIE

<https://stymie.com.au/>

stymie.com.au encourages you to support your peers by making anonymous notifications through their site. These notifications will be about other students who you see being bullied/cyber bullied or experiencing any kind of harm at Pimlico State High School. You can also make notifications about illegal activity and any other kind of harm to your school community. The notifications can include evidence such as screenshots of social media conversations or messages and are automatically forwarded to the appropriate adult here at Pimlico State High School. The first confidential conversation we have will be with the student who is experiencing harm - they will know they are not alone.

Pimlico State High School is committed to supporting all of you in being able to make positive choices about bullying and harm in our community. Please use it. Use it responsibly and thoughtfully and know that you can make a difference.

How do I make a notification?

1. Go to stymie.com.au
2. Make a detailed notification, with at least 50 characters of information in the 'what happened' box. You can also include a screenshot of any evidence of online harm.
3. Click 'send'.

A copy of staff email contacts are available on our website under the "Our School" tab.
